**CHEM-TROL®**

**DEPOSITION AID**

**DRIFT CONTROL AGENT**

---

**Principal Functioning Agents:**
- Polyvinyl polymer (polyacrylamide) ................. 1%
- Constituents Ineffective as Spray Adjuvants .......... 99%

**TOTAL** ................................................................ 100%

CA Reg No 34704-50040
WA Reg No 34704-04010

---

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

CAUTION: May Cause Irritation to Skin and Eyes.

**Personal Protective Equipment:** Wear Long-sleeved shirt and long pants, Socks, Shoes and Gloves.

**First Aid: If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If Swallowed:
- Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

---

CHEM-TROL is an effective, easy-to-use adjuvant for deposition improvement and drift retardation in spraying operations. CHEM-TROL is compatible with most water soluble and wettable powder pesticides, desiccants and cotton defoliants when applied by aerial application or standard ground equipment. CHEM-TROL will retard, but not totally eliminate drift.

**CHEM-TROL Directions for Use**

Step 1: Select correct rate from chart below.
Step 2: Fill mix tank with water and pesticide. Then start to agitate.
Step 3: Add CHEM-TROL.
Step 4: If additional surfactant or other spray adjuvants are used, they should be added after CHEM-TROL.
Step 5: Continue to agitate mix tank at least 2 minutes before spraying.

*per 100 gallons of spray solution

**Environmental Hazards:** Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Not for aquatic use in Washington.

**Storage:** Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

**Disposal:** Do not contaminate water, food or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.
